Dear Sir:

Submitted herewith is one set (one sheet, two figures) of corrected drawings for filing in the above-identified patent application.

The Examiner objected to the drawings for reasons stated in the Office Action dated July 6, 2004. Specifically, in Figures 3 and 4 the diagrammatic blocks and features (e.g. elements 43-47 and 50-52) were required to be distinctly labeled to indicate contents or function with legends. The enclosed new drawings correct these informalities.

Favorable consideration of the enclosed drawings is respectfully requested.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-0591, under Order No. 11345/020001 from which the undersigned is authorized to draw.

Dated: September 30, 2004

Respectfully submitted,

By
